Structure Hollomon House (TEX-350)

315 Glen Cove Dr. Wooden frame with clapboarding and board and concrete, one story, gable roofs, extending over six-post front veranda, irregular plan, originally gable-end chimneys. Two board-and-batten shallow gabled rear ell additions, connected by exposed stair rising from porch to gable-end storeroom. An original log structure of four rooms and center hall, built 1840, was the nucleus of the 1850 construction by Paris Smith, Th.

(over)

H. and G.B. Hollamon of Virginia, using Dr. Richard Parks' formula for concrete. 5 ext. photos (1936); 1 data page (1937).

Card prepared July 1975.
